Dear General Secretary Triantafyllitsa Maniati-Kokkini,

It is really an abominable decision of the Turkish authority, and is condemn by international community strongly. I, on behalf of all members of the Chinese Association of Byzantine Studies, support unreservedly the Open Letter of International Association of Byzantine Studies with the signature of President John F. Haldon in July 13th, 2020, and suggest that there will be more reactions from international community, from the Byzantine academic circle.

Best wishes,

**Dr. Prof. Chen Zhiqiang
General Secretary and Deputy-President
of the Chinese Association of Byzantine Studies**
